Fifty million dollars for three weeks of your life in the hands of a total stranger. Would you do it? When Naomi Lee finds herself out of a job and out of the money she needs to pay her father's medical bills, she receives an anonymous letter, containing an offer she can't refuse. Max Marino, a wealthy businessman, wants her and he'll pay any price. Three weeks of her time, no-holds-barred, in exchange for 50 million dollars. With no other means to pay her bills, Naomi has no choice but to accept. However, Naomi isn't the only one who signs the contract. And Max isn't alone in his deal. Three brothers. Nine girls. All competing for the ultimate prize...marriage. Let the games begin. Warning: contains disturbing content some listeners may find offensive. Includes scenes involving multiple men and women being dirty together. Every boundary is crossed. Listen at your own risk.
